

Engineering

Automotive/Mechanical
Industry 4.0/Industrial

Escuela Politécnica Superior

Main Campus /Madrid/Spain

Campus MSI Madrid/Spain

Escuela Politécnica Superior and MotorSport Institute MSI

Virtual Tour

01

Robotics and Automation

Robotics and Automation

Chemistry/ Thermodynamics/ Advanced Polymeric Materials

Wind tunnel

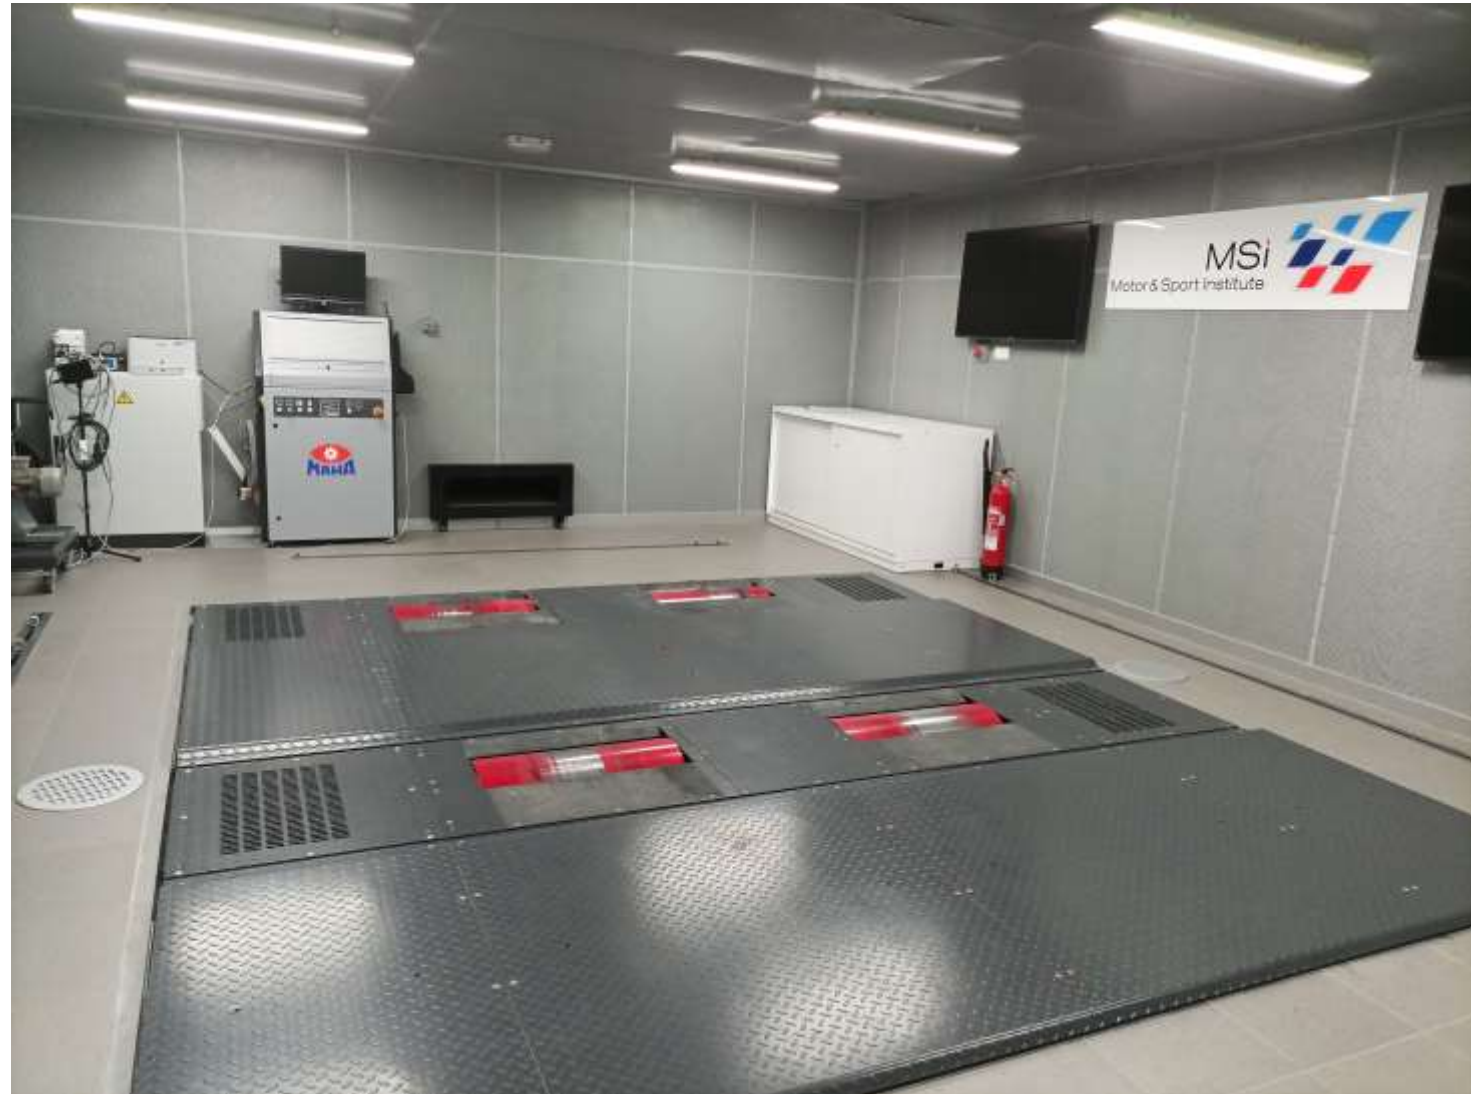

Composite Materials/Autoclave

Powetrain Test benches

Roller rig

Seven post test rig

CNC Machinning

Student Projects

02

10 proyectos integradores

- Formula and Moto Student, MotoStudent, Digital twins, Industrial robotics, Thermoacoustic engines, Business creation, Aerodynamic components, Commodity trading, Mobile robots, Digital manufacturing.

Camino de Santiago

Research Groups

03

- 1. Thermoacoustic Engines**
- 2. Advanced Polymer Phase Changing Materials**
- 3. Vehicle Engineering**
- 4. Manufacturing**
- 5. AI Institute-CEIEC**

Thank you!
